

STUDENTS FOR HIRE

Do you have jobs that are distasteful, disgusting, or just down right beneath you? The last time you saw your babysitter, was she running out of your house screaming? Are your weeds so tall that you couldn't find your car this morning?

Well do we have good news for you! The Grand Tour Club (Jr./Sr. trip) is looking to make money for their 2013 trip and willing to work harder for you than they've ever worked for their own mother.

You are sure to impress your neighbors with our handsome group of college-prepped students pulling your weeds, shoveling your gravel and burping your babies. Contact Christine at christine.conners@mac.com
